4. A coach shall either be a certified employee of his/her school district or sign a coaching contract with the school.

2. CLASSIFICATION

3. GOVERNING RULES

2. There shall be one (1) recognized team, consisting of six (6) players for all league matches.
3. Summer rules shall be played, unless the majority of coaches or the course pro decides the condition of the course dictates otherwise prior to the start of the match.
 1. "Winter Rules" is defined as follows: A ball lying on a "fairway" may be lifted and cleaned, without penalty, and placed one club-length of where it originally lies. A ball so lifted is back in play when the player addresses it or, if she does not address it, when she makes her next stroke at it. Winter rules do not permit such lifting, cleaning and replacing for balls that come to rest in the rough or hazard.
4. For BVAL competition, the following special rulings shall apply:
 1. All shall be stroke play without handicaps and scoring shall be determined by the total aggregate score of the best four (4) out of six (6) players for each team. A league member shall be entitled to a league match with only four (4) players or lacking a fourth player, a phantom score of ~~ninety (90)~~ **double par**, see rule 3.4.4, may be used for the fourth score and count towards the team's match total. **(11/8/17)**
 2. Tie contests will be decided by a scorecard playoff, working with the four scoring players' cards and starting on hole 9, the team total on hole 9 will determine the tie break. If all four scores totaled for both teams on hole 9 still remain in a tie, then hole 8 scores for both teams will be added to determine tie break. Continue for holes 7-1 until a winner is declared.
 3. A coach must be present at the course for the entire match or the match will be forfeited.
 4. In the interest of pace of play, ~~Ten (10)~~ Double Par will be the highest score a player will record for any one hole.
 5. ~~No electronic devices or range finders allowed turned on during play. This includes, but not limited to, cell phones and iPads.~~ ***The use of cell phones or electronic devices is strictly prohibited during all league competitions.***

- a. Players may obtain distance information using a device that measures distance only. If during a league match a player uses a distance-measuring device that is designed to gauge or measure any other conditions that might affect her play (i.e. gradient, wind speed, temperature, slope, etc.) the player is in breach of Rule 14-3 for which the penalty is disqualification, regardless of whether any such additional function is actually used. iPhones, iPods and most other “smart” devices with apps contain a compass and other applications, which make them non-conforming distance-measuring devices and are not permitted under penalty of disqualification.*
- b. If any player in a group uses a distance-measuring device then that player is strongly encouraged to share the distance information with everyone in the group. (11/18/15)*

Unless safety concerns require immediate cessation of play, players shall complete the hole they are playing when the decision to discontinue is made. ~~Every effort should be made to reschedule abandoned matches.~~ In the event of a minimum official round match, individual differential scores will not be added to those players' season differential average.
3. Caddies are not permitted. During all league matches, pull carts will be permitted as long as CCS permits pull carts.
4. Spectators are allowed but must observe rules as outlined in U.S.J.G.S. Spectators must observe all rules that would apply to any on-campus school competition. Spectators, parents, and non-playing team members must not be closer than 30 yards to any player and they may not give advice to players once a match begins ***and must remain on the cart path at all times.*** Most golf courses do not allow spectators on the course and all non-players must observe these rules. Violation of the rule may result in the disqualification of the player receiving the advice. ***Coaches are ultimately responsible to enforce these rules.*** (11/17/16)
5. Any school wishing to file a protest, please refer to Article 15 of the BVAL Constitution for the proper procedure.

At the conclusion of the match, the scorer and player shall confirm scores on a hole-by-hole basis. Before a scorecard is submitted to the match director, it must be signed by the scorer and attested to by the player. Once signed and submitted, the card becomes official. When two players cannot agree upon a score, the match director will try to resolve the conflict. ~~If there is no resolution, both players will be disqualified.~~ (11/17/16)
 2. All players must sign their opponent’s card and attest their own card.

The double round-robin team champion will earn the automatic team entry into the CCS playoffs.
2. If two teams are tied in win-loss standings at the end of double round-robin schedule, we will declare a co-champion, but for CCS seeding purposes, the Division Champion will be determined by the results of the total combined stroke differential of the two teams in head-to-head competition. If the two Division Champions tie, then the championship will be determined by the results of the two (2) aggregate scores. The winner is the team with the lowest aggregate score. If three (3) or more teams are tied in win-loss standings, a 9-hole playoff will determine the winner.
3. The Automatic Individual entry into the CCS playoffs will be determined by calculating the season differential average and will be awarded to the individual placing the lowest differential season average, not on the automatic team entry.

CCS Rules:
